Analysis & Report of Students' Satisfaction Survey **(Teaching & Learning)**

Our College is committed toward all round development of the student. The student's satisfactory Survey is conducted through google form in order to assess the student's satisfaction on the parameters that is teaching methodology, coverage of practical aspects, learning environment of the classroom, functioning of clubs and committees, co-curricular and extra-curricular activities career goals. In student satisfaction survey is based on to measure student satisfaction each year as per format of NAAC. A questionnaire consisting of 21 questions (20 objective type questions and 1 open ended question) was furnished to 500 students. These questions concern teaching-learning pedagogy and evaluation. Questionnaire comprises of various questions based on specific skills of teacher like subject knowledge, communication skills, class preparation and use of ICT tools. Questions pertain to specific teaching skills of the teacher, to his/her overall approach to the educational process. The overall orientation of the teacher and institution with respect to provide the right environment, motivation, interpersonal relationships etc. Open ended question provide an opportunity to the students to give their suggestions and criticisms in their own words.

The response of 20 objective type questions are scaled on a scale of 0 to 4, with the most positive response being rated as 4 and the most negative response being rated as 0. The mean score for each question is calculated. This figure will range from 4 to 0 and gives the mean satisfaction level of the students for the institute.

The collected and analyzed feedback of the students is discussed in the Staff Council Meeting for improvement in various aspects of the institution.

The survey for the session 2022-23 was conducted on 500 students. The analysis of the survey is done using software which will aggregate the response and generate the mean score. It has been presented in the form of bar diagrams. It has been found that most of the students are satisfied with teacher's preparation for the class and evaluation of internal assessment process. More and more students are being encouraged to participate in the extra- curricular activities, Extension activities, seminars etc. Efforts are being made to maximize the use of PPT, Smart class rooms, Hand on techniques and other means for better communication with the students. Most of the students have agreed in affirmative that the quality of teaching learning process in the institute is very good and every care is being taken to improve it further for betterment of students.

Result demonstrate student satisfaction for all 20 items, with all mean satisfaction rating above the mid-point. The outcome of the student satisfaction survey asserts that the students are very satisfied. However, the college is constantly striving to improve further on important points.
